**Time Required:** 50 minutes

### **48. Black vs. White Bidding**

**Track:** Materials

**Presenters:** Brent Hadfield

**Synopsis:** UDOT's intention at the project bidding level

**Time Required:** 50 minutes

## **77. New ROW training for Local Government Agencies and Udot Project Managers**

**Track:** Miscellaneous

**Presenters:** Karen Stein, Lamar Mabey

**Synopsis:** This session would provide a preview of newly developed training materials (including a sample lesson from the new FHWA training materials.) ROW plans to roll out training in 2007 for local agencies and PM's to be coordinated thru the regions and MPO's. Our goal, in keeping with FHWA recommendations is to certify local agencies so they can clear right of way using local agency staff. This training program will be the first step in establishing that program.

**Time Required: 50 minutes (Internet Access)**

## **80. The Extraordinary Leader - Moving Individuals & Teams from Good to Great**

**Track:** Miscellaneous

**Presenters:** Sydne Jacques, Jacques & Associates

**Synopsis:** In today's rapidly changing, highly competitive environment, the organizations that excel will be those people are most competent, passionate, and focused on delivering results.

In this workshop you will gain a new level of understanding that will help not only benefit the development of your organization, but your personal development as well.

We will provide a proven framework for helping each individual make a profound difference to the organization's results, and to his or her own performance and development.

You will be introduced to ideas and proven research-based principles of leadership performance that will help you find ways to break the mediocrity barrier and achieve extraordinary performance.

Come join us for home made cookies and an experience that will move you from Good to Great!

**Time Required: 50 minutes**
